

EDUCATIONAL TECHNOLOGY

Product	Sample	Product description	*Price (Subject to variation)
EdTech 01		<p>Bubblegum Tablet</p> <p>An affordable Android Tablet that comes preloaded with Apps and Educational games. It comes with parental control mode to ensure safe interaction online. It is Wi-Fi and Bluetooth enabled. This can be used for the ECD programme, enabling more children to access Educational Technology. We presently need 24 more computers for our ECD programme. For a larger sum, this option can be substituted for Laptops or Android Tablets, such as ‘School in a Box’.</p>	<p>R1999.00</p> <p>24 x R1,999 = R47, 976</p>
EdTech 02		<p>Sony Wireless Headphones Or JBL Wireless Headphones</p> <p>Wireless headphone equip our young learners to access our educational games, such as Eduplay. The headphones provide quality verbal instructions so that a learner can improve their listening skills and learn from the programmes. We need 12 wireless headphones.</p>	<p>R799 per headset</p>

EdTech 03		<p>LEGO® Worlds</p> <p>LEGO worlds is an open environment of procedurally-generated Worlds made entirely of LEGO bricks which you can freely manipulate and dynamically populate with LEGO models. Create anything you can imagine one brick at a time, or use large-scale landscaping tools to create vast mountain ranges and dot your world with tropical islands! A game like this can be paired with a Lego set and the Lego series on Netflix.</p>	*R469.00
EdTech 04		<p>Hohokum</p> <p>This game transports players to a vibrant, playful exploratory world. Players take up a quirky character to explore and navigate different worlds. Along the way they encounter puzzles and games. Each level or “world” has different goals that users must reach to continue exploring. This game teaches kids how to reach goals with the help of others and solve tricky puzzles.</p>	*R205 (Download)
EdTech 05	<p>Mathseeds Online Subscriptions</p>	<p>Mathseeds teaches kids aged 3-9 core math and problem solving skills with fun online math games and activities.</p>	<p>\$49.28</p> <p>+ - *R700 for 12 months = *R8 400</p>
EdTech 06		<p>Samsung Tab E T561 'School in a Box' 9.6" 8GB Wi-Fi Tablet Bundle - Black.</p> <p>School in a Box Classic: Samsung School in a box brings technology to education, delivering Education through Touch and interaction, with the Samsung School in a box solution. Giving the power to the user and the ability to learn digitally.</p>	R 4,779 per box

EdTech 07		<p>NETFLIX</p> <p>Netflix, Inc. is an Internet subscription service company, which provides subscription service streaming movies and television episodes over the Internet and sending DVDs by mail. Netflix has many educational programmes for children on the Kids channel. It also has excellent documentaries for all members of our community.</p>	<p>R139 per month x 12 = R1 668 per year</p>
EdTech 08		<p>Kano Star Wars The Force Coding Kit</p> <p>Even a kindergartener can follow the simple instructions to assemble the kit's LED-lighted hand control module. The module's sensors track hand movements, so you can manipulate lightsabers and pilot X-Wings. You can also choose to be a rebel or fight for the Galactic Empire—and you can decipher bits of Aurebesh (the official language of Tatooine) in the companion app and instruction manual.</p>	<p>\$80 =*R1 200</p>
EdTech 09		<p>The Sims 4 - PlayStation 4</p> <p>A fun way to learn and reflect on human behavior, systems, and design.</p>	<p>\$39.99 = *R599.85</p>

EdTech 10		<p>FELLOWES PC CLEANING KIT</p> <p>This will enable us to regularly clean our keyboards and screens so that they are hygienic and to prevent them from being damaged.</p>	R329.00
EdTech 11		<p>Canon 2000D Photography Start Kit</p> <p>The starter kit can be used to teach photography in an entrepreneurship group. It can also be used to photograph events for social media and for our display boards.</p>	R7 899.00

EDUCATIONAL GAMES
